Dear Mayor, Vice-Mayor and City Councilors,

My name is Paul Rubino, a resident and middle school teacher for the last three years here in Cambridge. I participated in the petition and subsequent lobbying to hang a BLM banner on Cambridge City Hall and work with students at risk of entering the school to prison pipeline.

I think it is crucial for the Cambridge City Council to meet with the **Massachusetts Against Hewlett Packard Campaign** to address the ethical concerns of the actions of this company and look forward to the vote on **April 23rd.**

Thank you,
Paul Rubino
